Norfolk Children's Book Centre

VISIT OUR WEBSITE

We are an award-winning independent children's bookshop based at Wroxham Barns in Norfolk. For 40 years, we have specialised in children's books and in providing services to schools, teachers and school libraries across the UK.

School Library Rejuvenation

Assessment and installation of new libraries, and help with re-stocking and classification, providing the latest and best fiction and non-fiction. We can help you create an engaging, relevant collection tailored to your pupils and curriculum.

Approval Collections

Tell us what your school needs and a budget and we'll create a bespoke selection of books for you to browse - hand-picked to suit your requirements from our extensive collection. Assess the books with colleagues at your leisure, then return any titles you don't require free of charge.

Class Sets & Curriculum Collections

Need multiple copies of a title? We can supply class sets for whole-class reading, book clubs and teaching units, as well as curated collections to support particular subjects, topics or areas of the curriculum.

Bookshop Visits

Bring your class in for a special visit to the bookshop at Wroxham Barns. Your visit can include story sessions and book selection for teachers and pupils. We can also cater to visits as part of your INSET activity.

Author Visits & Book Sales

We can visit your school to set up a beautiful book display, with a selection of books for all tastes and budgets.
We can also help arrange author visits for your school, with opportunities for pupils to meet authors, hear about their work and discover new books.

"Thank you for advising us on shelving and book choices for our school library. We now have a bright, purposeful space at the heart of our school with a range of wonderful books for the children to borrow and take home. We truly value your continued support in annual audits of our stock and replenishment of top-quality texts, contributing to our culture of Reading For Pleasure."
